Dear Mr. Johnson and Village Board Members:

I am writing to ask that my name be submitted for consideration for nomination of the open Village Board position.

I ran unsuccessfully for trustee in 2005. I am sincerely interested in being appointed for this position at this time because I am interested in being involved in my community government.

Due to numerous family circumstances, my son's marriage, the death of my sister-in-law and my father being gravely ill, it was necessary for me to make family matters my first priority and not run again this past year.

With all of those behind me, I feel this is the time to again re-enter my name into the race. I am still deeply committed to the village and what and where it is going in its development.

I find it very exciting to see a new Village president, BID director, trustees, as well as the time and investment being committed towards the "Vision of Shorewood". This was an area of interest for me at the time I ran for trustee in 2005. There has now

been tremendous movement in this area, which I feel will impact the Village in so many ways.

I have extensive experience in the village and as a parent in the Shorewood Schools. I feel we need to continue our commitment to the high standards we have become accustomed to as a village and in our schools to continue to attract new residents and recommit long-standing residents to how much more we can do for the future.

I would like to be a part of the Village board that will impact the face of Shorewood, both internally and externally. I have great expectations for Shorewood to begin to reach its potential. We need to continue to showcase the benefits of living in Shorewood in order to appeal to young families, empty nesters and seniors. The diversity in this community is amazing and unique. We will only continue to get better!

Thank you for your consideration.

Sincerely,
