Dear Mr. Swartz, President Johnson and trustees:

This is a request to each of you individually to inspect records pursuant to Wis. Stats 19.31 et seq, Shorewood Village Code and all other authority relevant for the purposes of obtaining them.

I request access to inspect all documents generated or obtained by you relating to the process of selecting Dawn Anderson as Shorewood trustee. This request is for email, letters, correspondence in any format whatsoever, voicemail messages, handwritten notes and computer files containing information on the selection and the selection process, WHETHER ON A GOVERNMENT COMPUTER OR NOT.

I also request access to records of the investigation you conducted or directed to be conducted into the background of each candidate and records showing that statements made by the candidates about their education, employment and qualifications were checked as part of your "due diligence" responsibilities.

Very truly yours,

Geoff Davidian
